PATENTS

☞ **More than ten years of successful experience in securing patents.**

The leading inventors and manufacturers of Indianapolis and vicinity are now and have been for years regular clients, as well as many from other portions of Indiana and other States north, west and south.

With a branch office in Washington, D. C., we have unsurpassed facilities for transacting our business; this arrangement gives our clients in this portion of the country the advantage of personal consultations with their attorneys, and also the advantage of the personal attendance of their attorneys at the Patent Office in the prosecution of their cases.

Our Motto:

"Our clients' interests are our own."

☞ We refer to the banks, express companies, mercantile agencies and leading manufacturers of Indianapolis.

Inventors will find it to their interest to consult us. Promptness and efficiency guaranteed.

IMPORTANT FACTS.

The Business University is pre-eminently a leading popular school of Business, Short-hand and English Training. It has the facilities that it advertises, and meets the expectations of its patrons by doing what it promises. Its teachers are competent, conscientious and faithful workers, who make the student's advancement their chief concern. The proprietors of the school are, themselves, principal teachers in its departments, and look personally after the welfare of their patrons. The Institution inculcates politeness, industry and morality, and upon honest business principles rests its present and future prosperity. The Institution is more prosperous than ever before. It is progressive in its character, and is able and determined to make whatever improvements are necessary to meet the growing demands of the times. The University supports its claim to superiority by the extent and thoroughness of its course of study and the success of its graduates in the different avenues of life.

Complicated and confused Accounts Accurately Adjusted. Partnership books opened and Balance-sheets satisfactorily rendered.

THE MANVILLE PIPE

AND BOILER COVERING

—OF MILWAUKEE, WIS.—

For Marine, Rotary and Stationary Boilers, Steam and Heater Pipes, Cylinder and Vacuum Pans, in churches, public buildings, residences, paper mills, factories, steamboats, tugs and locomotives. What covering shall I adopt? is now the leading question with most manufacturers and users of steam. Which is the most practical? Which is the most durable? Which will best retain the heat and resist the cold? Which is non-combustible? Which contains no harmful ingredients and will "prolong the life" of my pipes and boilers? This decidedly practical subject should be viewed from a like practical standpoint. This covering is *absolutely fire-proof* on both boilers and steam pipes.

Manville's Sectional Wool Felt Covering.

This cut represents one section applied and fastened on the pipe; the other section shows the manner of putting on the covering without springing it out of shape, also onr manner of covering elbows, etc. We invite careful attention to the following facts: 1st. By saturating the material with a non-combustible solution it makes it absolutely fire-proof. 2d. As a non-conductor it is a well established fact among steam users and engineers, and a most sensible one, that sheep wool is one of the best non-conductors known. 3d. The manner of removing and applying this covering is a great advantage over any other sectional covering; the heat from the pipe soon destroys the flexibility of covering, and in all other sectional covering it is necessary to spring it apart in order to apply or remove it, which causes it to break and destroys it for any further use. The shape of the Manville Covering is not altered by its removal or in applying. 4th. Gas and water pipe, covered with this covering, will preserve their contents without freezing. Write for special net prices on size and quantity required. Patent applied for.

CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and —between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.

A GREAT RAILWAY.

—THE—

CHICAGO, MILWAUKEE & ST. PAUL

RAILWAY COMPANY

Now Owns and Operates over 5,600 Miles of Thoroughly Equipped Road in

Illinois, Wisconsin,
Minnesota, Iowa,
Missouri and Dakota.

Each recurring year its lines are extended in all directions to meet the necessities of the rapidly populating sections of country West, Northwest and Southwest of Chicago, and to furnish a market for the products of the Greatest Agricultural and Stock Raising Districts of the World.

In Illinois it operates 317 miles of track. In Wisconsin 1,332 miles.
In Iowa 1,556 miles. In Minnesota 1,122 miles.
In Dakota 1,213 miles. In Missouri 142 miles,

And the end is not yet. It has terminals in such large cities as

CHICAGO, MILWAUKEE, LA CROSSE,
ST. PAUL, MINNEAPOLIS, FARGO,
SIOUX CITY, COUNCIL BLUFFS, OMAHA,
KANSAS CITY and ST. JOSEPH, MO.,

And along its lines are hundreds of large and small thriving cities, towns and villages. Manufacturing interests are cultivated, and all branches of trade find encouragement. The Railway Company has a just appreciation of the value of its patrons, and its magnificent earnings are the result of the good business tact which characterizes the management of its affairs.

The popularity of the line is attested by the fact that notwithstanding the strongest kind of competition of old and new lines, the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY continues to carry the greater portion of all the business between CHICAGO, MILWAUKEE, ST. PAUL and MINNEAPOLIS. It is the best patronized route to and from all points in WISCONSIN, MINNESOTA, DAKOTA and IOWA, and its KANSAS CITY AND ST. JOSEPH LINE will undoubtedly take equal rank with the older lines leading to and from the southwest.

On all its through lines of travel the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY runs the most perfectly equipped trains of

Sleeping, Parlor and Dining Cars and Coaches.

The through trains on all its lines are systematically heated by steam. No effort is spared to furnish the best accommodations for the least money, and, in addition, patrons of the road are sure of courteous treatment from its employes.

INTRODUCTORY.

In presenting the public with the thirty-third annual directory of the city of Indianapolis the publishers take occasion to call attention to the steady progress of the city during the period of their connection with it. There is no better index or criterion of a city's growth than a series of carefully compiled directories, showing not only the actual increase of population from year to year, but the growth of business as well, by the multiplication of business houses and firms, and the introduction of new branches of trade. A comparison of the city directory of 1888 with that of 1856 would show how remarkable this growth has been, and would, doubtless, surprise even those most familiar with the general progress of the city. During that period Indianapolis has grown from a quiet town of about 18,000 population to a metropolitan city of over 100,000. This steady growth indicates good staying qualities, and the possession of the elements of continued prosperity. In 1856 a man would have been considered visionary if he had predicted for Indianapolis a population of 100,000 in thirty years. It would be much safer now to predict 200,000 in the next ten years. The city's past growth goes far to insure its future. Its prospects were never as good as they are to-day, nor its advantages as widely recognized. No other city can point to a more healthy growth, in no other is business on a more solid basis, and none has better prospects for the future. Its location is admirably designed for a great inland city. It is not only central in Indiana, a State of vast resources, but it is central in the Union, almost in the heart of the continent, midway between the teeming millions of the east and the rapidly growing population of the great west. From this central location its railway communications extend in all directions, and to all parts of the country, giving it remarkable advantages as a distributing point. These conditions would inevitably insure the future growth of the city; but with the added advantage of natural gas as a cheap fuel, there can be no doubt that Indianapolis is destined to become a great manufacturing point, and to hold a prominent place among the leading cities of the country. There is no kind of manufacturing that can not be carried on here to advantage, and present indications point to a great development of this interest in the near future. The outlook for other branches of business is equally as good. The city's wholesale trade is in the most satisfactory condition it has ever been, and is steadily increasing in extent, volume and value. Twenty-five years ago all this territory was controlled by Cincinnati and Chicago houses, and Indianapolis jobbers, who then operating in a very small way, were compelled to buy their supplies from the dealers in those cities. Now they buy their goods directly from the manufacturers or importers, in some cases importing directly themselves, and are able to compete successfully with the wholesale dealers of any western city. The city's advantages as a live stock market are becoming generally recognized, and this branch of business seems to have a fine future before it. On the whole, the publishers take great pleasure in congratulating the citizens of Indianapolis on its solid and healthy growth in the past, and its bright prospects for the future.

WELLS AND CISTERNS.
Davis John.....opp 508

From photograph of one of the gas wells supplying Indianapolis. Flame 105 ft. high out of 4 in. pipe. Output, 18,000,000 cubic feet per day.

INDIANAPOLIS,

by reason of its geographical situation and railroad facilities, has become **a great city of 110,000 people.** By the discovery of **Natural Gas** the doubling of its population is insured. The daily out-put of the wells already drilled for the use of Indianapolis is over 300,000,000 cubic feet of gas—**used for both fuel and light. A fire day and night without labor, and free from dust and smoke.** Indianapolis has gained a national fame for its wisdom in dealing with natural gas. There were three companies in the field, including the Standard Oil Co., but the people, fearful that combinations might be formed to shut off competition, and determined that gas should be **supplied at cost,** organized the **Consumers' Gas Trust Co.,** 4,700 of the leading business men and manufacturers subscribing $500,000 within ten days, and placing all the stock in trust, so that it can never be controlled by any competing company. The City Council has fixed the following maximum prices, which are equal to about one-third the cost of coal but are much above the rates which will result from competition :

Grates, $5.00 to $10.00 per annum ; Cooking Stoves, $6.00 to $12.00 ; Base Burners, $5.00 to $15.00 ; Furnaces, average size, $24.00.

SPECIAL RATES TO MANUFACTURERS.

It is estimated that it will require less than three years, at the above rates, to repay the money advanced to the Trust Co. for the plant, so that thereafter fuel and light will be supplied at cost, which means practically free gas to all future residents of Indianapolis.

Indianapolis is noted for its low taxes, thrifty enterprises, cheap living, shady streets and pleasant homes. Ninety-six building associations, in operation, loan to the laboring people and all classes **$1,000,000 per annum with which to build homes.** This is the surest safeguard against unjust strikes, and the growth of socialistic ideas, which threaten manufacturers in other large cities.

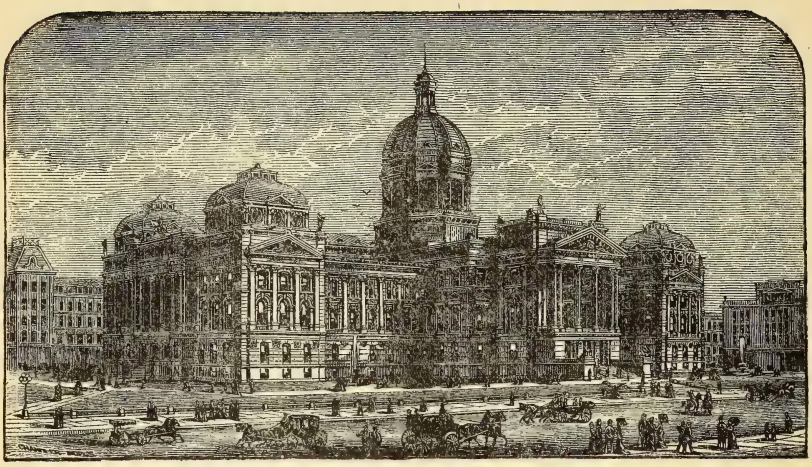

A BELT RAILROAD surrounds the city, **connecting** with **each of the fourteen railroads.** Factories located upon this road are at the mercy of no one company for rates, as there are to each important distributing point from three to five competing lines.

16,000 mechanics and laborers are now employed in the various manufacturing enterprises in the city, in which there is invested more than $20,000,000. **Tracts of land** on the Belt road **free** to manufacturers. For information, address,

TELEPHONE 107. TELEPHONE 107.

CITIZENS' AND MERCHANTS'

PROTECTIVE FIRE CALL,

No. 15 Circle Street.

OUR MODUS OPERANDI IS THIS:

We go on duty at headquarters of Fire Department, cor. Massachusetts Avenue and New York Street, at five o'clock P. M., and remain until seven o'clock A. M. In case of fire in or near your place of business, or should any accident occur, at which, in our judgment, your presence is necessary, we will AT ONCE send our conveyance for you, which is always kept in readiness so as to be able to respond to any call at a moment's notice.

(**Accidents**, as Attempted Burglary, Smashed Windows, Water left running, Pipes burst or Doors left open, etc., can be reported to us by your private watchman, merchant or regular police officer at nearest engine-house or telephone station, and you will be brought to your place promptly or your disposition about the matter taken and executed at once.)

This latter arrangement will go into effect as soon as 500 subscribers are secured.

Give us a trial is all we ask. Prompt Attention.

ERNEST KITZ, Manager.

PIANOS AND ORGANS

AT WHOLESALE AND RETAIL.

SPECIAL ATTRACTIONS.

95, 97 and 99 North Pennsylvania Street, Indianapolis.

236 Fourth Avenue, Louisville. | 158 West Fourth St., Cincinnati.

Our stock, which is always, without exception, the largest, finest and best assorted carried in this state, comprises those makes which for a generation or more have been recognized as the best in this country.

Decker Bros., Haines Bros., J. & C. Fischer, and D. H. Baldwin & Co.'s Pianos.

The business of our House is more than ten times that of any other dealer in this state, and enables us to give to our customers inducements in price and terms. We purchase all of our instruments for CASH—this, coupled with the very large number purchased for our three stores in CINCINNATI, INDIANAPOLIS and LOUISVILLE, enables us to sell Reliable Instruments at PRICES WHICH DEFY COMPETITION. We warrant every instrument to be just as represented, and guarantee satisfaction to our customers. We take pride in the fact that "it is safe to buy a Piano or Organ from D. H. BALDWIN & CO." Whether you wish to invest $50 or $500, you can depend upon careful attention and full value for your money.

FRANKLIN

INSURANCE COMPANY

OF INDIANAPOLIS, INDIANA.

Three good reasons why the people of Indiana should insure in the Franklin of Indianapolis:

1st. It is the oldest, largest and best-known Indiana company.

2d. It pays the largest State and county taxes of any Fire Insurance Company in the State of Indiana.

3d. Its assets are all in Indiana, and consist largely of Indiana loans to counties, cities and individuals, thus aiding materially to keep down the rate of interest.

The Franklin is represented in all leading cities and towns in the State.

Delivered by carriers in principal towns in Indiana at

10 Cents per Week.

The model and marvel of Western journalism; only afternoon paper at the Capital, and the daily visitor of more than 300 thriving towns in all directions, distributed by carrier in each.

The advertising columns of THE NEWS—its "Wants," "For Sale," "For Trade," etc.—are the medium for the sale and exchange of millions of property annually, besides countless errands done the public in "Lost" articles recovered, houses and farms leased, marriages and deaths recorded. ☞Only one cent per word each insertion.

SOLICITORS OF AMERICAN AND FOREIGN

PATENTS

☞ **More than ten years of successful experience in securing patents.**

The leading inventors and manufacturers of Indianapolis and vicinity are now and have been for years regular clients, as well as many from other portions of Indiana and other States north, west and south.

With a branch office in Washington, D. C., we have unsurpassed facilities for transacting our business; this arrangement gives our clients in this portion of the country the advantage of personal consultations with their attorneys, and also the advantage of the personal attendance of their attorneys at the Patent Office in the prosecution of their cases.

Our Motto:

"Our clients' interests are our own."

☞ We refer to the banks, express companies, mercantile agencies and leading manufacturers of Indianapolis.

Inventors will find it to their interest to consult us. Promptness and efficiency guaranteed.
